Closing types

Lateral closing

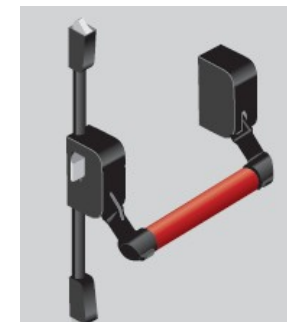

Compact handle is provided with a nylon plug for the hole of the latch not used.

Double closing

Compact can be used as handles with closing "up and down", by adding the kit 3007.1 (latches) and 3008.X (rods), and covering the lateral latch with the nylon plug.

Triple closing

Compact can be used as handles with closing "up, down and lateral" by using the kit 3007.1 (latches) and 3008.X (rods). Instead, by using kit 3007.3 (lateral latches) and 30008.X (rods), it functions as an handle with 3 lateral closings.
